Leave on Instant's Notice

(By Associated Press.)  
WASHINGTON, May 6.—An appeal by Chinese students and business men to the United States for moral support for China in the present crisis was received today at the White House and was transmitted to the state department. It was signed by twenty Chinese of New York, Philadelphia and Chicago, and was addressed as well as to the state department in America. The appeal argues that public opinion in the United States alone can help China in her present situation, and contends that Japan's demands should have been presented for presentation at the end of the war as part of the peace process. Secretary Bryan said today that he had no suggestion of mediation by the United States between Japan and China, and that he would not discuss the far-eastern situation.

"I learn in the highest quarters that Chinese surrender to the demand of the revolutionaries, who have been the country would risk the loss of the city, thus precipitating the fall of Yuan Kai's government."

Husband Overtakes Wife

"Personally I am old-fashioned. I believe in the Bible, I think the husband should be the head of the family and that the wife should obey him. You had no right to take his child and leave home without his consent, and I shall give this child to him. That is a good woman, you'll go back with your husband."

These were the words of Judge J. T. Pendleton Thursday in granting a writ of habeas corpus taken out by Captain F. Fozzard, a young tugboat captain of the St. John river, who pursued his wife here from Jacksonville Wednesday, arriving just in time to see her depart for California with their three children.

Mrs. Fozzard, said she left home because her husband didn't have time to play tennis with her and because she wanted to visit her mother and sister in California. She refused to go back with her husband Wednesday, so the latter, through Attorney Paul Bartlett, John W. Moore and James Branch procured the writ.

Between the husband, wife and baby Caroline, were in court when the case was called Thursday before Judge Pendleton. Captain Fozzard, tall and suntanned, sat on one side of the court room. Mrs. Fozzard, a black-eyed, black-haired brunette, on the other.

# AUSTRIA AND ITALY REFUSE PREPARATIONS FOR BEGINNING FIGHT

Despite Continuance of Negotiations for Settlement Military Preparations Go on With Renewed Energy

## FRONTIER IS FORTIFIED WITH ENTANGLEMENTS

Special Measures Have Been Adopted for the Defense of City of Venice and Its Art Treasures

(By Associated Press.)  
ON THE ITALIAN FRONTIER, Wednesday, May 6.—(Viking.) May 6.—Though negotiations between Italy and Austria continue, Italy's military preparations are being completed with as much energy as though the country expected to participate in war tomorrow. The Austrians, however, are making no preparations for a possible military advance.

The frontier on the Austrian side has been strongly fortified. All the passes are protected with entanglements and wire entanglements. Concrete has been used in many places in erecting barbed wire.

Special measures have been adopted for the defense of Venice and its art treasures. The canal authorities believe long range guns of large caliber are sufficient to deal with any hostile fleet. To afford protection against aerial attack, anti-aircraft guns have been set up at several points around the city.

In addition to the troops concentrated in the Venetian region, the Italian army has been assembled near Brindisi, on the Adriatic. This is interpreted as a sign that Italy reserves the possibility of action in the near east.

## PARDON BOARD MAY HEAR

FRANK CASE THIS WEEK

Special Session of Commission Will Be Called, Belief Around Capital

Although the state prison commission has set no date for the hearing of Leo M. Frank's petition for a commutation of his sentence from that of death to life imprisonment, and will not set a date until after Frank is sentenced to death, it is expected that the commission will hold a special session this week.

The mandate of the state supreme court will reach Atlanta this week and will be expected to extend over two or three days. The mandate will be expected to extend over two or three days.

Thursday was marked by no new case in the case, although Attorney H. A. Alexander, of the Frank defense, appeared at the court house to secure the record of the extraordinary motion for a new trial for Frank, indicating that some of the evidence introduced at the trial may be used before the prison commission.

Attorney Alexander stated that the action of Mr. Alexander in taking out the papers, on the court's order, was a matter of routine in their preparation of the general case.

Among the many petitions to the governor for a commutation of Frank's sentence, which are being daily received at the executive office, is one signed by the members of the Cornell Alumni Association.

Frank is a Cornell graduate, and many of the signers, who knew him personally, are pleading for his release. He was a Cornell graduate, and many of the signers, who knew him personally, are pleading for his release.

Organizer of Railroad Employees Says Men Were Discharged in Wholesale Lots

(By Associated Press.)  
WASHINGTON, May 8.—W. H. Pierce, organizer of the Federated Railroad Employees union, today said the federal industrial relations commission today of his efforts to organize Pennsylvania shompen at Altoona and Altoona. He insisted that the Pennsylvania discharged men in wholesale lots who joined the union. "I do not say that the Pennsylvania railroad objects to 5 or 10 per cent of their men being organized," he said, "but when the organization shows great strength the company sets its machine against it to wipe them out of existence. Our organization is still in existence. The railroad company has the most fought me out of my clothes."  
The Pennsylvania is opposed to widespread organization of shompen for two reasons. First, because they would have to pay them more money. Second, they could not use them against the transportation men when they would say for more money."  
At Altoona, Pierce asserted, the Pennsylvania used the force, board of trade and citizens generally to break up the shompen's union.  
The witness severely criticized W. G. Lee, president of the Brotherhood of Railroad Trainmen, for his part in the 1914 shompen's strike.  
"W. G. Lee, president of the trainmen, I should call him brother, but not because it's a disgrace," said Pierce, "came to Altoona and addressed a joint meeting of shompen and transportation men. He said, 'I would like to see you men go to work and let the railroad discharge these shompen.' My Lee's own men heard him and encouraged the shompen to strike. I tried to prevent the strike, but the railroad said 'strike and we'll go with you,' and strike they did. But the trainmen didn't go with them."  
"If ever a man was guilty of high treason against his fellows, it was W. G. Lee. He is the cause of suicides, great loss of property and the breaking up of homes."  
S. C. Long, general manager of the Pennsylvania, reiterated statements made yesterday by Vice President Altoona. From observation of the occurrence in connection with this entire trouble," said the report, "it is clear that they are the personal ambition of W. H. Pierce to create an organization, of which he would be the head, rather than from any actual difference between the company and its employees."

## MRS. MAGGIE HASKINS IS HELD WITHOUT BAIL

Testimony of Daughter Results in Commitment of Alleged Slayer of Husband

(Special Dispatch to The Journal.)  
POULICAR, Ga., May 6.—Mrs. Maggie Haskins, at a commitment trial yesterday was held without bail, charged with the murder of her husband, Rev. Allen Haskins, a Primitive Baptist preacher, who was killed as he lay upon his home near Willacochee, on the night of April 20.

The twelve-year-old daughter of Mrs. Haskins was the most damaging witness against her. The girl testified that her mother had awakened her and told her that her father had been shot, and that within the following morning had instructed her to say nothing of the gun on the kitchen table.

The gun with which the minister had been killed, it was testified, had been borrowed from a neighbor the night before the crime. Another gun belonging to the minister had failed to fire a short time previously when he had tried to kill a hawk, it was stated.

Four witnesses were present for the state case for the defense. The case was submitted without argument.

The defendant will be tried at the next term of the superior court, which convenes here the first Monday of the month. The case was tried by Justice L. Moore, of Willacochee, and Justice H. F. Brown, of Douglas.

### Commitment Trial

Acquits Mrs. McDonald  
(Special Dispatch to The Journal.)  
ORDAN, Ga., May 6.—Mrs. Lily McDonald, who Monday morning shot and killed Miss Marie Reed, near this place, was given a commitment trial here yesterday afternoon and given her liberty after Justice of the Peace J. R. Mills, James R. Strickler, and J. M. Hagan heard the evidence of a number of witnesses about four hours.

Mrs. McDonald and husband, John McDonald, were tried together and after they had been discharged from custody the warrant against B. P. McAlister, who was arrested as accessory, was dismissed.

Mrs. McDonald, her husband and McAlister were placed under arrest on warrants sworn out by relatives of Miss Reed.

The evidence at the hearing showed that the dead woman was the wife of the trouble and that Mrs. McDonald, who used a shotgun, fired the fatal shot in self-defense.

Mrs. Reed pointed a pistol at Mrs. McDonald and tried to shoot, it was alleged, but the gun would not go off. Mrs. McDonald then backed away, picked up her husband's gun, which was leaning against a tree, and shot with one hand while holding her baby brother.

**MAN MAKING \$10 A WEEK  
MUST GIVE HIS WIFE \$5**  
Defendant in Divorce Suit  
Denounced by His Mother-in-Law

Following an exciting scene in the superior court Thursday morning when Mrs. Lucia P. Reeves, mother-in-law of Louis H. Andrews, a young drug clerk, vehemently denounced him from the witness stand, Andrews was ordered by Judge J. F. Pennington to pay \$5 a week—half of his salary—as temporary alimony to Mrs. Elizabeth H. Andrews, his wife, who is suing him for divorce.

Mrs. Reeves, herself the defendant in a \$10,000 allegation of affected damages suit brought by Andrews, charging her with disrupting relations between him and his young wife, hysterically cried out from the witness stand that Andrews was lying about her, that he was malicious both her and her daughter, and that his false statements were prompted by malice.

"He once told me, when I asked him where my daughter was, that she was going with the cattle she generally runs with," cried Mrs. Reeves. "The one of his saying such things about that good, pure girl"—pointing dramatically at Mrs. Andrews, who was sitting in court—the idea of his daring to speak of her in that way!"

Mrs. Andrews, in addition to suing for divorce, asks the court for the possession of her six-month-old girl baby. George T. Northern is her attorney. W. S. Calum represents Andrews.

## GIRL PROVES A HEROINE, SAVES BROTHER'S LIFE

Ruby Freeman, Aged 13, Pulls Child From Under Wagon, but He Loses Leg

A new candidate for a Carnegie hero medal has made her appearance in Atlanta in the person of Miss Ruby Freeman, thirteen-year-old daughter of Mr. and Mrs. H. D. Freeman, 33 Woodward avenue.

Miss Ruby's heroism consisted of the rescue of her five-year-old brother, Clyde Freeman, from death beneath the wheels of a coal wagon Wednesday afternoon. While successful in saving her brother's life, she was too late to save him entirely and as a result he lost his left leg.

The little boy with other children was playing along the sidewalk near the Freeman home. Miss Ruby, fearing some accident might happen to him in the street, called him to come into the house and when she failed to gain his attention, which she says, was riveted on the driver of a passing coal wagon, she went to him. The boy was walking along the edge of the sidewalk within touch of the wagon when his foot slipped and he rolled beneath the front and back wheels of the wagon.

Miss Ruby screamed and grabbed the boy by his right foot and his arm, preventing the wheel from passing over the center of his body.

A Grady ambulance, carried the little boy and his sister to the hospital, where it was found necessary to amputate the little fellow's left leg just below the knee.

Mrs. Freeman, the boy's mother, is a patient at Grady, and was not notified of the accident until Thursday morning because physicians thought it would be too severe a shock to her.

The little boy's coat has been placed on the roof of Grady, where he can enjoy sunshine and the laughter of many other little children who are convalescing. He does not yet realize that he can never again join fully in the children's games.

Miss Ruby says the driver failed to stop, even after the accident. The police later arrested him. He gave his name as Bud Chapman.

(Special Dispatch to The Journal.)  
TIPTON, Ga., May 6.—The Tift county rural school fair was held yesterday and was a success in every feature. The Tift store room was filled with the products of agricultural and domestic art made by the school children of the rural schools of Tift county.

The interest manifested in the fair can best be told by the number of 2,600 people or more who visited the fair. The exercises by the school children were begun at 10:30 o'clock in the forenoon at the court house and consisted of recitations, declamations and music that reflected much credit on both children and teachers. Prizes will be awarded in these contests as soon as the judges have rendered their decisions.

## You Can't Brush or Wash Out Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon, apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all of your dandruff will be gone and three or four more applications will completely dissolve and entirely destroy every shade sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get Liquid Arvon at any drug store. It is inexpensive and never fails to do the work.—(Advt.)

## PICTURE TO BE SHOWN FOR BELGIANS' BENEFIT

"The Belgians' Relief," Filmed  
in Atlanta, to Be Seen at  
Lyric This Week

Outside the appeal that it makes because it was filmed in Atlanta and will be shown for the benefit of the commission, "The Belgians' Relief," which will be seen publicly for the first time here Thursday night, is a photoplay that matches the best of war dramas produced by any screen company.

"The Belgians' Relief," as it is called, was given a preliminary exhibition Wednesday night at the Lyric theater. A small audience saw it. Al Bartlett, who filmed the drama, L. Myers Dean, his assistant, who wrote the scenario, Dr. P. E. May, secretary of the Georgia Relief commission, who took one of the leading roles, St. Elmo Massengale, who plays the part of the father, Mrs. W. C. Siler, who takes the Belgian mother's role, Miss Almeda Holcombe, Tom McDonald, Miss Bernice Horton, other members of the cast, and a number of newspaper men.

The movie will be shown to the public at 7:30 o'clock Thursday evening, Friday matinee and night, Saturday matinee and night, and Sunday at a benefit. All performances will take place at the Lyric.

There is a very tender love story in "The Belgians' Relief," the tragedy of war, the generosity of America in providing food and clothing for the homeless. The photoplay is good, the acting sincere. The movie is in two reels.

But had you entered in the middle of the performance you would never have thought it was taken in Atlanta. A squadron of cavalry dashes at top speed down a steep hill, guns thunder, clouds of smoke of battle roll, men fall and die. It looks like real war stuff, but it was filmed at Piedmont park. The soldiers are members of the Fifth regiment, the trenches and hills in the hills behind the park, the cavalry charge along the bridge path. But the scenes look genuine. They are full of action, and the producer, the members of the Fifth and everybody who took part are to be congratulated.

"The Belgians' Relief" will make a wide appeal as all the scenes are not confined to Atlanta. Several were taken at Charleston and show the sailing of the relief ship and Governor Manning making a speech.

## BROOKHAVEN CLUB HOUSE WILL BE REMODELED

Plans Submitted to Capital  
City Club Committee and  
Are Accepted

Plans for remodeling the Brookhaven country club house were submitted Wednesday to a committee representing the Capital City club, and after certain alterations had been made the plans were accepted by the committee.

One of the terms on which the Capital City club buys Brookhaven is that the owners shall remodel the club house in a manner satisfactory to the purchaser, this work to cost not less than \$10,000. The owners of Brookhaven, incorporated, under the name Brookhaven estates, Charles P. Glover, president, engaged Architect A. Ten Eyck Brown to prepare plans for the remodeling.

Mr. Glover and Mr. Brown submitted the plans to the Capital City club committee, which consists of W. T. Gentry, chairman of the committee and former president of the club, Robert P. Muddox, former president of the club, and Edward H. Inman, newly-elected president of the club.

The approval of the plans makes the purchase ready to be closed, the only detail being the examination of titles, etc.

## PIEDMONT BEST PLACE FOR PUBLIC GOLF LINKS

Tenth Street Side of Park May  
Be Used for Municipal  
Course

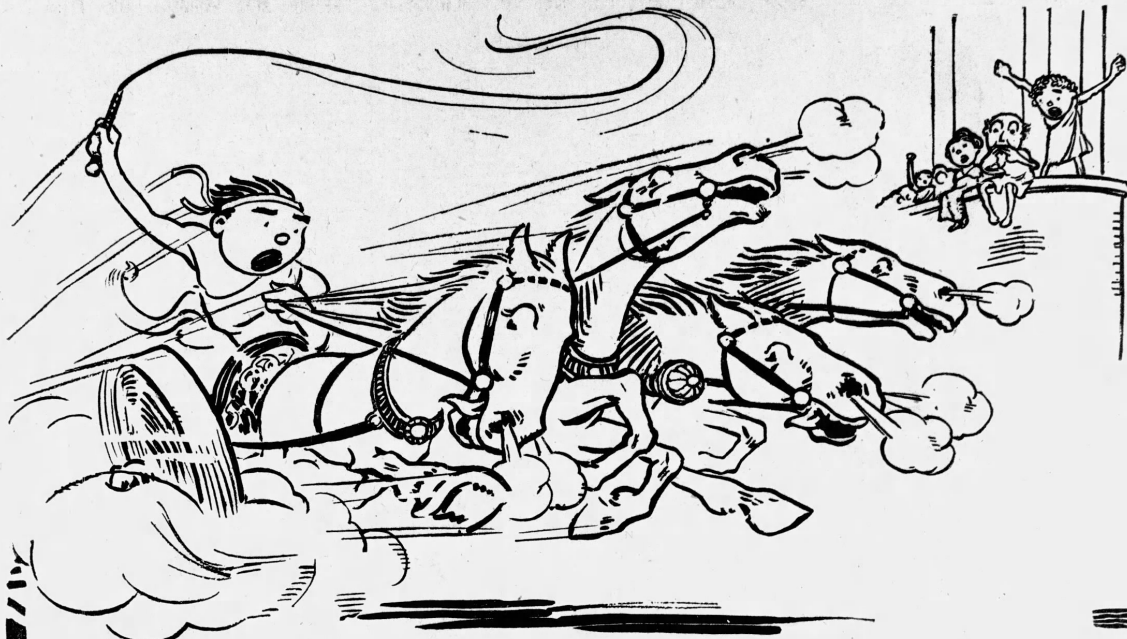

The movement for the building of a municipal golf course in some of the city parks is constantly gaining impetus.

Some time ago Alderman C. H. Kelly, of the Second ward, began an investigation of the cost of building a golf course on the city's property at Lakewood. At the last meeting of the park commission Manager of Parks J. Cochran was instructed to investigate the feasibility and the cost of building a golf course at Mowley park.

Following the suggestion the improvement committee of the park board has visited several of the parks with Manager Cochran, and they declare that the Tenth street side of Piedmont park furnishes an excellent site for a nine-hole course.

## PARDONING BOARD HEARS CASE OF YOUNG STARGEL

Arguments for and against the pardon petition of Emmett Stargel, a young man of Hall county who is serving a life sentence at the state prison farm for the murder of J. W. Jones, also of Hall county, were heard by the state pardon commission Thursday.

The killing, which occurred in the mountainous section of Hall county in 1912, grew out of a rather unique row. Stargel's father, it is alleged, had been removed from the board of deacons because of his rather positive attitude against the sale and drinking of liquor, which was not considered a serious moral offense in a section where moonshining thrives.

Some days after the elder Stargel had been removed from the governing board of the church his son, Emmett, met with a number of young men, including J. W. Jones, at a swimming hole. The other young men, led by Jones, it is claimed, began teasing Stargel about the removal of his father, whereupon a quarrel ensued and Jones was shot, later dying of his wounds.

Stargel contends that the shooting was in self defense. He says that Jones was advancing upon him with a heavy knife. Several petitions by citizens, some favoring a pardon for Stargel and others opposing it, were filed with the commission as well as a protesting petition by the members of the jury which tried him.

Attorney Sloan, Charters and Dean of Gainesville, represent Stargel, while the opposition was represented by Attorneys Gaillard and Johnson, also of Gainesville. The prison commission took the petition under consideration.

## CREDIT SYSTEM MAY NOT BE O. K. BY ALDERMEN

Opposition to the ordinance by Aldermen Jesse W. Armistead authorizing the payment of salaries of teachers in the public schools on the credit system, which the board has in effect, is likely to develop Thursday afternoon when the paper reaches the aldermanic board.

The point has been made that teachers' salaries can't be changed until the expiration of the terms to which they were elected. Under the city attorney's ruling the credits have been illegal, so it appears in some instances that the teachers because of their credits have received more than the law allowed them, but that would not affect future payments.

Mayor Woodward Thursday indicated that he considers it illegal to make a change during the term of the teachers and that the city would be making a change if it allowed payments under the credit system. As a result the ordinance to authorize and legalize the credits at once is likely to get his veto if the opposition in the aldermanic board does not kill it there.

## BARNES-T. R. JURY CAN'T READ DAILY NEWSPAPERS

Colonel Not Allowed to Tell of Albany City and County Politics

(By Associated Press.) SYRACUSE, N. Y., May 6.—Justice Andrews, after a conference with counsel for both sides at the opening of court today, again cautioned the jury trying William Barnes' libel suit against Theodore Roosevelt not to read newspapers. The attorneys showed the Justice several copies of New York and Syracuse papers.

Colonel Roosevelt resumed the witness stand, but was excused after his attorneys had made an unsuccessful effort to have him answer questions relating to local politics at Albany. Justice Andrews ruled that "the information the defendant has received confined to county and city politics at Albany is immaterial" and both Mr. Barnes, conducting the indirect examination, and Mr. T. V. Jones, conducting the direct examination, announced that they were through with the witness.

## NEGRO WOMAN SAYS SHE WAS OFFERED \$300 TO CHANGE STORY OF SHOOTING

Staple to Go Only to French, Russian, Spanish and Portuguese Ports

(By Associated Press.) MINNEAPOLIS, N. Y., May 6.—Celia Coleman, the negro maid who is the chief witness for the state in the trial of Mrs. Florence Conklin Carman, charged with the murder of Mrs. Louise D. Bailey, caused a sensation on redirect examination today by testifying that a negro detective named George Hides had endeavored to induce her to change her story of the murder and told her that if she would do so Mrs. Carman would pay her \$300.

Hides came to Charleston, S. C., where I was spending the winter," said the witness, "and told me Mrs. Carman would give me \$300 if I would change my story."

Mrs. Carman's attorney objected, but was overruled on his admission that Hides was connected with the defense. Mr. Carman evidenced considerable agitation during her former maid's testimony. George Toomer, Celia's cousin, and a man named Flood were present when Hides made the offer, the witness testified.

Toomer came called and corroborated that part of the maid's testimony in which she told him the night of the shooting what Mrs. Carman had said to him.

Toomer had written the story she related as it was told. The memorandum was produced.

## MAYOR AND CHAMBERS WAGE WAR OF WORDS

### Each Again Denounces the Other in Second Statement of Their Controversy

A war of words is going merily since Mayor Woodward referred to Aldine Chambers, his one-time opponent for mayor, as a sort of invisible power behind council, working evil in the interest of a brick manufacturing concern.

The mayor in a second statement tells of his contempt for Mr. Chambers and the latter, also in a second statement, declares the mayor has not advanced a progressive idea since he was inaugurated, and that his conduct has set the progress of the city back for a generation.

Mr. Chambers says the mayor is claiming sole credit for initiating the Levee and fair project, when, as a matter of fact, he, Chambers, and three newspaper reporters, while talking to the secretary of Mayor Wm. H. 1912, originated the idea and secured for it the approval and co-operation of Mayor Wm. H.

"What little the city government has accomplished in the way of advancement during Mayor Woodward's administration has been accomplished by the city council over his veto," says Mr. Chambers.

In his dealing with council Mr. Chambers says the mayor has pursued the tactics of a brutal convict, concluding a vitriolic card, Mr. Chambers says.

The present administration, like all of his previous administrations, will go on record not for construction, but for failure, not for progress, but for stagnation; not for good feeling, but for ill feeling; not as an era in which the people were helped, but as an era in which the people were hindered and held back.

"Worst of all, the mayor stands today just where he has always stood in private life and in public life, not as a champion of civil righteousness, but as the friend and champion of the forces of the underworld; not as a bulwark of law enforcement, but as an avowed and unabashed advocate of 'wide open town'."

In his second statement Mayor Woodward deals briefly with Mr. Chambers, saying:

"I have too much contempt for Aldine Chambers and too little respect for his methods to engage in any controversy with a man of his caliber. The people know him well since they repudiated him for mayor in 1912. They can also determine for themselves the veracity of Chambers and myself."

"In the statements that were accredited to me, authors were given and records cited and I believe the men who gave me the information told the absolute truth. I further say that I would take their simple word before I would believe Aldine Chambers on oath. It is an old saying that God Almighty put a mark on every man's face denoting his character and he certainly put one on Aldine Chambers' that no one may be deceived as to what manner of man he is. If anyone cares enough about him, let them investigate what practice he has where he gets his money, and where he puts it in his time."

"With this I denounce him not caring to exchange any further words with him."

## Stitch on Embroidery

### By Kathryn Nuttner

#### (OF THE EMBROIDERY DEPT. PICTORIAL REVIEW)

##### Charming New Borders for Frocks and Linens

Borders have taken on a new importance this season because their sphere of usefulness has been widely increased. Not only are they in demand for the small accessories of the toilet, such as cuffs, collars, fichus, etc., but they are in demand for the borders of frocks (upper and under) and for household linens, the uses of borders are legion.

A smart shop in one of the fashionable centers features embroidered novelties and is showing a lovely afternoon frock in Havana brown chiffon taffeta. It has a petalled skirt of unusual attractiveness, and which is sure to find favor with women of slender figure. The petalled skirt is composed of rows of material deeply scalloped to form petals, and the scallops are worked with buttonhole embroidery. The embroidery is so simple that anyone who has any knowledge at all of needlework can easily duplicate it.

The design of the scallop is worthy of particular mention because, in spite of its simplicity it exploits an exceedingly novel idea in edge finishes. The lower line of the border is shaped in a point, not too fine to be easily handled or made bulky in the working, and the upper edge is as original in its outline as the lower. Instead of the customary open edge, which is sometimes filled in with French knots or satin dots, there rises from upper edge of the scallop a little cone-shaped figure, surmounted by three circles of graduated size that can be worked with eyelet embroidery or solid satin. The eyelet is exceedingly popular for all kinds of embroidery and combines well with the simplest of the most difficult stitches.

The embroidery pattern illustrated and described herein, together with 400 others covering all possible uses, are included in the "Innovation Embroidery Pattern Outfit" now being presented by this newspaper, as explained elsewhere in these columns.

The buttonhole stitch was used to develop the lower edge of the scallop, for this is the most important of all bordering stitches. It is used to cover scallops, plain and fancy, as well as for many other purposes. To cover a plain scallop such as is employed on the design in question, the space to be worked is first padded. There are several methods used for padding surfaces that are to be raised, but for all usual purposes the chain stitch made in rows, placed close together with side by side, is the easiest way to raise any surface that is to be covered with buttonhole stitch. First make a row of the chain stitches just inside the lower stamped outline of the scallop, then follow the stamped line of the scallop with this stitch. A second row is then placed close to the first row, this being repeated until the last row is placed just below the upper stamped line of the scallop.

The actual covering of the scallop is accomplished by first bringing the needle to the surface of the material in the center of the loop, then bring the needle up on the end of the scallop, throw the thread to form a loop, as for buttonhole stitch, set the needle for a back stitch, inserting it in the material near the point where it was brought to the surface of the material. Bring the point of the needle out inside of the loop formed by the thread and pull the needle through. For the second chain stitch throw the thread in a loop to the right and repeat directions.

## FARLINGER IS ANXIOUS TO EXTEND FIRE LIMITS

Increase in Insurance Rates on Apartment Houses of Thirty Per Cent

A recent increase in the insurance rates on apartment houses has caused Councilman A. W. Farlinger, chairman of the city finance committee, to increase his efforts to secure the passage of the ordinance to extend the fire limits.

The fact that shingle roofs have been allowed to close in towards the center of the city, Mr. Farlinger says, has resulted in a 30 per cent increase in the insurance rate on apartment houses. "Last year," he says, "there was a 25 per cent increase on residence property, and I believe that an extension of the fire limits will bring back the old or even better rates and result in a great saving for property owners."

## How Soldiers Live and Fight in the Trenches

London, May 6.—When it rains the trenches are half filled with water. The mud is always of the damp, penetrating, fearful kind that kills to the very marrow. Hot food is served three times a day. To the men in the trenches by other soldiers, who carry the rabbits through long uncovered tunnels running back from the works concealing the guns.

These men in the trenches must have good food in order that they can have good blood and if they have good blood, they have good courage, they keep warm, their circulation is good and their extremities are warm from exercise. Many men are invalided, however, because their blood and their stomachs are not right to withstand the awful hardships of this winter campaign.

When you do not properly digest your food your blood becomes thin and every organ of the body soon feels the effect. The result is—headaches, sleeplessness, nervousness and many other symptoms due to the accumulation of poisons in the blood. Unless the stomach is given aid at this stage more serious illnesses follow. Now is the time to help your weakened stomach—now is the time to take Dr. Pierce's Great Peppermint Cure in tablet or liquid form. It has the same power to set you right as has been proved to have in thousands of other cases. It will help your stomach so that the food you eat will nourish and sustain you and make good re-feeding food. It will enable you to get rid of the waste a sluggish liver and irregular bowels have permitted to accumulate in your system.

Dr. Pierce's Golden Medical Discovery is a combination of known natural healing agents—herbs and herbs with no alcohol or synthetic drugs to give you harmful results. It can now be obtained in tablet or liquid form from dealers, or sent by mail for box of tablets.

RICHLAND, Ga., May 6.—Grady Norman, a well known young man, committed suicide here last night about 10 o'clock.

"How the Vote Was Won" Will Be Held at Tech Y. M. C. A. Next Tuesday Evening

Atlanta suffragists are busy rehearsing for the play, "How the Vote Was Won," which they will present at 8:30 o'clock on the evening of Tuesday, May 11, at the Tech Y. M. C. A. under auspices of the Marionettes, the Tech dramatic club.

"How the Vote Was Won" is a one-act farce which has been performed successfully throughout America and in England. It has been quite a help in the cause, its presentation in Atlanta is for the benefit of the Fulton and DeKalb branches of the Equal Suffrage party of Georgia.

Miss Carolyn Cobb is the dramatic instructor who is directing rehearsal, and among those who will take part in the play are Mrs. Beaumont Davidson, Mrs. Price Smith, Mrs. W. E. Jamison, Miss Tinsley Harrison, Miss Jane Cooper and Mr. Walter Conklin.

Tickets for the play are 50 cents, and quite a large number have already been sold. They may be obtained at the Tech Y. M. C. A., Brown & Allen's drug store or from any member of the cast.

**TIMES GETTING BETTER, SAYS A. W. CRAWFORD**

Brigadier Andrew W. Crawford of the Salvation Army who has charge of the Southeastern States with Atlanta as headquarters, has just returned from an inspection trip which took him through Anderson, Spartanburg, Charlotte, Asheville, Raleigh and other cities of North and South Carolina.

"When hard times struck the country last year," said Mr. Crawford, "the Salvation Army was about the first organization to feel the direct effects, and in a position to state positively that times are getting better and we believe that conditions will return to normal prosperity by early fall at least."

**HUMANITY SOCIETY TO MEET ON THURSDAY**

All persons interested in the work of the Atlanta Humane society are invited to attend a special meeting of the society Thursday afternoon at 4 o'clock at the chamber of commerce building. Teachers and school children are especially invited to attend.

## A Red Letter Day in Jewelry!

In 48 Years of Aggressive Retailing, We Have Never Had The Good Fortune to Make Such an Announcement as This

4,200 Pieces of Imported Jewelry Worth at Retail \$10,000, Is to Sell for \$3,500

Cash & Courage Did the Trick; The Importer Wanted the Cash; We wanted the Jewelry; You Get the Benefit

One of our massive show windows, 19x12x12 feet, possibly larger than a room in your home, is given in part over to the display.

YOU will marvel when you see this window display—marvel that any store had the audacity to engage in such a tremendous undertaking. —For the undertaking is tremendous—buyers from the largest stores in the country looked at the jewelry, wanted it badly, yet none had the nerve to take the lot in its entirety. —The importer refused to divide it—if he must stand a loss, he would lose it in a lump and have it

over with." —Finally we took the plunge, and then you should have seen the other buyers turn green. Three wanted to divide with us; one offered us a bonus for a third of the lot; another offered us a 20 per cent profit right there for a fourth. But No. All the Jewelry comes straight to Atlanta—to make new friends for Rich's and the 48th Anniversary Sale.

## Jewelry for Every Purpose Is in the Sale

---Gifts for June brides and graduates. ---Jewelry of ineffable richness and charm. ---Jewelry for one's personal adornment. ---Practical jewelry for every day purposes.

PLEASE understand that all this Jewelry is imported—representing the finest expression of the jeweler's art.

—From 79c up (our present prices) there is scarcely a piece but would have a worthy place in a high grade jeweler's. Even at 19c and 39c, one doesn't choose from the usual gewgaws and gimcracks, but finds designs that betoken the handicraft of experienced jewelers.

—The combinations are as remarkable as the jewels. Lapis and amber; sapphires and cut crystals; real jet and rhinestone; sterling silver and sapphire—one marvels at their richness of fire and splendor. But one marvels more that so much of beauty and worth could be encompassed within these prices. Pay only—

### Delicious Recipes

#### Tomato Sauce on Steak

Take one and a half pounds of steak cut in pieces, place in kettle and add one can condensed tomato soup. Add salt and pepper to taste, and a piece of butter, three or four onions, one can Italian peppers and a can of water. Simmer until steak is done.

#### A Tasty "Left-Over"

Take one can condensed tomato soup, one can of water, and one cup of left-over meat ground or chopped fine. Small onion chopped fine. Season with salt, pepper and butter. Cook fifteen or twenty minutes and turn over buttered toast. Serve hot.

**Try Scrambled Eggs With Tomato Soup.**  
To the yolks of four to six well-beaten eggs add one cup of tomato soup in its condensed form just as you get it from the grocer. Salt and pepper. Fold in the stiff-beaten whites, pour into hot skillet, turn lightly with fork, and serve.

**Tomato Soup on Steak.**  
Take one can condensed tomato soup, two tablespoonsful flour, two tablespoonsful butter, one and one-half cups milk, eight slices of toast. Melt the butter and add flour, pour in the milk gradually. When smooth add the can of soup undiluted, when the mixture is hot, serve at once on the toast. A spicy and pleasing novelty.

**Poached Eggs With Tomato Sauce.**  
Heat a can of condensed tomato soup to which has been added a can hot water, one-half teaspoon of salt, a dash of pepper and small piece of butter. Lay pieces of buttered toast on a deep platter, pour over this the tomato sauce. Place poached eggs on top.

Instantly. This is a delightful dish either for breakfast or an after-theater supper.

#### Quick Tomato Sauce.

To one can of tomato soup in its condensed form just as it comes from the can, add a small lump of butter and one teaspoonful of flour blended in one-quarter cup of cold water, and bring all to a boil. The result is a rich fine-flavored tomato sauce easily made in a "Jiffy" and good for any dish where tomato sauce is used.

### Engagement Of Interest

Interest in the wedding of Miss Cordelia Biddle and Angler B. Duke, which was solemnized Saturday in Philadelphia, was added by the announcement of the engagement of the bridegroom's sister, Miss Mary B. Duke, to Mr. Anthony J. Drexel, Jr., brother of the bride—New York Sun, op. 14, Paderewski. This announcement will be of cordial interest in Atlanta, as Miss Duke was delightfully entertained here several years ago upon the occasion of a visit to Mrs. Frank Adams, of Savannah, who was then Miss Mary Thomas, of this city.

A beautiful wedding of Wednesday was that of Miss Mary Boatman and Mr. Leonard Clyde Lamb, which was impressively solemnized at 11:30 o'clock, at the Baptist Tabernacle, Rev. John L. White officiating. A large assemblage of friends and relatives witnessed the pretty ceremony and preceding the arrival of the bride and groom, the bridegroom's sister, Mrs. Charles A. The bride entered with her father, Mr. A. C. Boatman, who gave her in marriage. She wore becoming traveling suit of heavy corded silk in changeable blue and bronze tones and a hat to match of blue Milan straw. Her flowers were orchids and valley lilies.

Mrs. Charles A. Sheldon, Jr., as matron of honor, and Mr. Charles Whitman, who served as best man, were the only attendants.

Mrs. Sheldon wore a charming model of cream embroidered ballote finished

with a smart little coat of white satin worn with a rose trimmed leghorn hat. She carried a bouquet of pink roses. Immediately after the ceremony Mr. and Mrs. Lamb left for a month's visit to points of interest in Florida, and after June 1, will be at home at 49 Freeway street.
